

SOUTH CAROLINA HISTORICAL MARKER OPTIONS

South Carolina Historical Markers are made of cast aluminum and available in **two** types:

City-Size – 24" x 36"

For use in urban areas or other locations with pedestrian traffic, a denser built environment, or other clearance needs.

Country-Size – 42" x 32"

For use in rural areas or other settings with ample space.

Markers erected inside city limits will typically be City-Size, and those outside city limits will typically be Country-Size. For questions about which size will be most appropriate at a specific marker location, please contact program coordinator Edwin Breeden at 803-893-6182 or ebreeden@scdah.sc.gov.

All state historical markers **must use** the program's official design seen above, with raised black letters on a silver background. Sponsors may not order custom colors or incorporate imagery of any kind into the marker design. The marker manufacturer will not honor any requests to deviate from the official South Carolina Historical Marker design. If sponsors repaint or repair a marker, they are also expected to use the current black-on-silver paint scheme for all elements of the marker.

SOUTH CAROLINA HISTORICAL MARKER PRICES AND SPECIFICATIONS
