Map

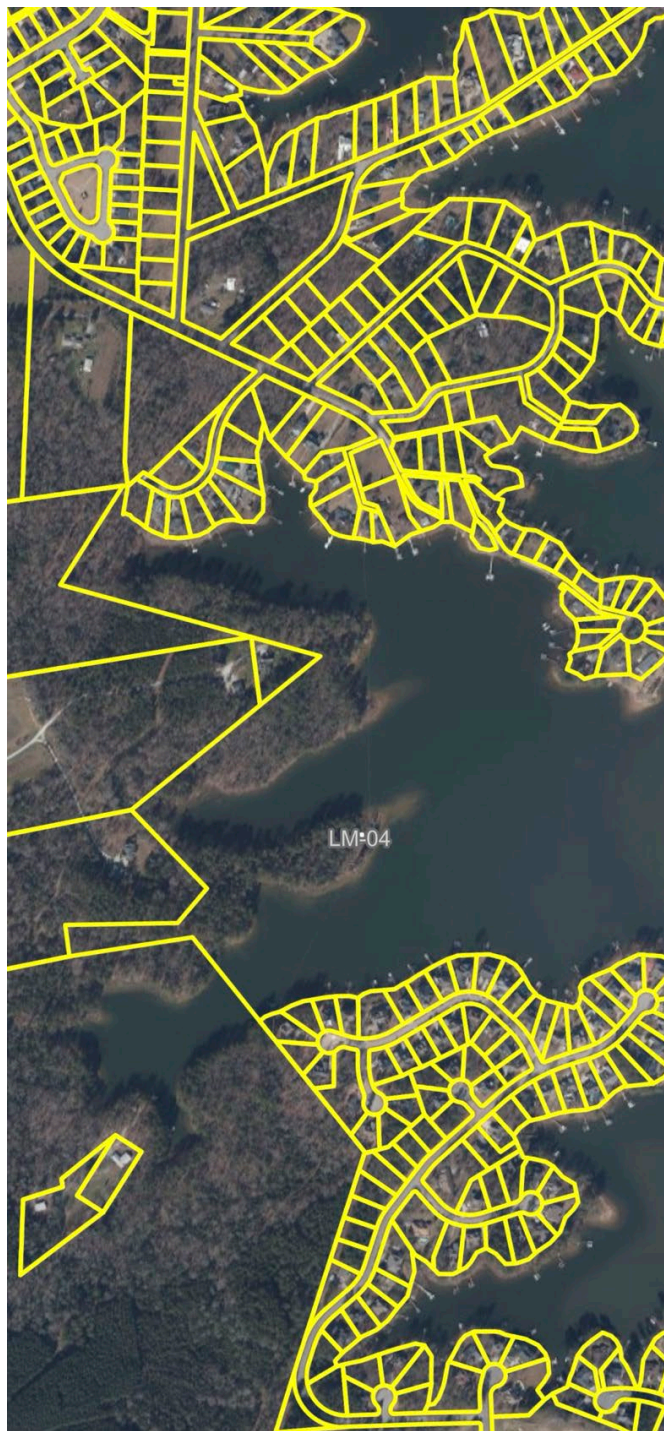

Refresh

A satellite map showing a rural area with numerous irregular yellow-outlined property boundaries. The terrain is a mix of dark green forest and brownish, cleared land. Two specific points are highlighted with blue and white markers and labeled. The label 'RX-58' is positioned to the left of its marker, while 'RX-32' is to the right of its marker. The markers themselves are small, blue, diamond-shaped icons with a white center.
